Applicant's election of group II in the reply filed on 02 March 2007 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

This application is in condition for allowance except for the presence of claims 1-54, 105-107, 126-152 and 168 directed to an invention non-elected without traverse. Accordingly, claims 1-54, 105-107, 126-152 and 168 been cancelled.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel nonelected claims 1-54, 105-107, 126-152 and 168.

The information disclosure statement filed 02 December 2004 has been considered as set forth in MPEP 609. Once the minimum requirements of 37 C.F.R. 1.97 and 1.98 are met, the examiner has the obligation to consider the information. Consideration by the examiner of the information submitted in an IDS means nothing more than considering the documents in the same manner that other documents in Office search files are considered by the examiner while conducting a search of the prior art in a proper field of search. The initials of the examiner placed adjacent to the citations on the PTO-1449 or PTO/SB/08A and 08B or its equivalent mean that the information has been considered by the examiner to the extent noted above. Only where the relevancy of the information is actually discussed in the application file (either by the examiner or by the applicant) or where the information is relied upon to reject a claim in the application, will the information be deemed to have been "considered" (to the extent discussed) for the purposes of reexamination under the *Portola* guidelines. See MPEP 2242 under the subsection "General Principles Governing Compliance With Portola Packaging." Information submitted to the Office that does not comply with the requirements of 37 C.F.R. 1.97 and 1.98 will not be considered by the Office but will be placed in the application file.
